Lakewood High School

## **2025 Bartholow Scholarships Announced**

Buckeye Lake for Tomorrow (BLT), our local watershed group, awarded three local high school graduates with the annual Merv Bartholow Memorial Scholarship of \$1000 each. The scholarship commemorates the legacy of Merv Bartholow, a BLT founder, civic leader, and environmental activist. Merv worked diligently to improve water quality in the Buckeye Lake watershed. His legacy lives on in the improved water quality we enjoy today.

Amanda Couch, Ellen Bruckelmeyer, Aleigha Miller maintained outstanding academic records during their high school years, wrote effective essays about issues of good water quality in the Buckeye Lake watershed, and plan to study a STEM field in college.

Amanda Couch, Sheridan High School, will study Criminal Justice/Forensic Science at Bowling Green University. She is the daughter of Catherine and Terry Couch.

Ellen Bruckelmeyer, Millersport High School, will study Meteorology at Ohio University. She is the daughter of Amanda and Aaron Bruckelmeyer.

Aleigha Miller, Lakewood High School, will study Veterinary Science at the Ohio State University Newark. She is the daughter of Russell Miller and Jenesa Callis.

Buckeye Lake for Tomorrow congratulates this year's scholarship winners and wishes them much success in their university studies.
